Questions.....

1. How quickly can I have the machine fitted?
Once we receive your deposit payment by credit card and you have returned your rental documents to our rental company we can normally install the machine within 7 working days.
2. Do I need to install water and electricity to the machine?
Yes, you will need to arrange for your plumber to install a 3/4" washing machine fitting and your electrician should supply a "13amp wired in spur" We would be happy to talk to your trade people prior to delivery.
3. What happens if the machine breaks down?
We include a 12-month service plan (this does not include faults relating to non-cleaning of the machine)
4. How do I get my monthly coffee allowance?
Your monthly coffee allowance is delivered to you by business post, or deducted from your monthly coffee invoice. All additional coffee orders are made via your account manager (lo-call rate) 0844 477 85 68
5. Where can I buy cleaning products for my coffee machine?
Please order via your account manager (lo-call rate) 0844 477 85 68
6. Why do I need water decalcifying unit and meter?
All our coffee machines come with a decalcifying unit as it protects the machine from hard water scale build up and makes the coffee taste great! We do not provide warranty on machines without a decalcifying unit. We install 10,000 litre units as standard. Depending on the usage of your machine this should need refreshing every 6-12 months. Our agents European Water will contact you twice yearly and take a water metre reading, this will determine when a refresh is needed and is not included within your monthly rental.
7. Do I get training on how to make coffee?!
You sure do! Our enthusiastic engineers will give you training on how to make great coffee, we do however, offer more advanced group training sessions covering latte art to a building the ultimate coffee based drinks!

The small print! – All equipment supplied is brand new and comes with one-year warranty, unless stated all prices are fixed for three years and will not increase within this term. Delivery upon completed documentation is 14 working days, the Off Set Coffee rental plan is based on the supply of Paddy & Scott's Café Classic Coffee
